Create an opportunity to learn about college and take college classes in your senior year. This is what College Connection students say about the program...

Being in College Connection allows me to make the best choices for my academic success. -Hastings Lorman

I have learned so much information on how to conquer college which I would have no clue of if I stayed in High school. The guest speakers very well prepare you and give you crucial insight to handling all things college. I have learned so much about college, real life, myself, and who I want to become in just the few weeks in this amazing program and I would highly recommend this opportunity to others. -Erika Sos

College Connection has given me the opportunity to take college classes for free, to build my own schedule, and learn skills of time management. It has given me a head start into college! -Hailey Ropes

I chose College Connection because I wanted a sense of independence and responsibility that was above the average high school experience, and so far, I have loved every bit of it. -Declan Onstot
