

- Decide which group member will have the finished PowerPoint presentation.
- Have your group members save their PowerPoint presentations to the K drive named with their name (Student folder, then ~Alvistur folder, then Period #) **OR**
- Email their PowerPoint presentations to you and will save them to your H drive.
- Open the main PowerPoint presentation.
- Go to **Insert** → **Slides from files**

- Then **Browse** to the **K drive** → **Student** folder → **~Alvistur** folder → **Period** folder → and the PowerPoint presentation of your group member.

Next, select the slides you wish to enter (or "Insert all").

There you go!
